The Pickaway County Engineer's Department is pleased to announce that most bidding processes will be transitioning to the Bid Express® service at www.bidexpress.com, however paper bids will still be accepted until further notice.

Electronic bid submission allows for:

- digitally-signed bids
- eliminates costs for hand and hired delivery of bid packages
- provides error checking and alerts to omissions before submission
- easily accommodates last-minute changes and price cuts
- automates email notifications to alert vendors of solicitation postings and solicitation changes

As a vendor, you must register and review each solicitation you intend to bid electronically before bidding (please see the following Infotech Digital ID [policy](#)). You may also refer to Infotech's Knowledge Center for the Bid Express service [here](#).

Note: Navigation of the Bid Express service is FREE unless you select a solicitation for bidding and complete your purchase (see Fee Schedule [here](#)).

To submit Bid Bonds electronically, please ensure your company and your bonding agent's company register with one of the following Bid Bond agencies affiliated with the Bid Express service:
